MAGNIFICATION ② \*The 2x magnification mirror is made of a concave mirror having the radius of curvature (R) of 1000.

Professional Model Foldable Stand Mirrors used in the lesson.

Our Professional Model Foldable Stand Mirrors have been employed for the training aids by Tokyo Beauty Advisor School where beauty experts are trained. The instructors and trainees praised the mirrors with the message, "The mirrors clearly reflect the color of human skin and are the best makeup items."

[Precaution for use]\*The magnification mirrors may focus the sun's rays to burn up a combustible material and cause fire. So do not use or store the magnification mirrors under direct sunlight. \*At first, move your face close to the magnification mirror and then move away from the mirror to find the focal point you can see clearly reflected image. \*Do not look at the magnified image too long. It may cause eyestrain or make you feel sick.

\*Do not give impact to the mirrors by dropping off, etc. Impacted mirrors may break and hurt the user. \*The metal parts of the mirrors are deteriorated when stored at high temperature and humidity for a long time. \*Chemicals sticking on the mirrors must be wiped off with dry cloth.

\*Each of the "JAN codes" given in six digits in this catalogue constitutes the product code and check digit, and follows the code, 4510510 indicating the country and manufacturer codes.
